Retail Price List 1921

Boxed or Baled, f. o. b. Pomona, N. C.

Cash with order or reference. Orders for less than \$100 no discount allowed; \$100 to \$200, 5%; \$200 to \$500, 10%; \$500 and over, 20%.

We are willing and glad to co-operate with those who believe that all will be benefited if prices can be brought to a lower level. There is, however, nothing in the present situation that will enable us to make any greater reduction in the prices of nursery stock than we have made in this price list, particularly in view of the recent embargo, discontinuing the access formerly had to fruit stocks and evergreens of foreign growers, and also the interruption of home propagation during the war period, which is just now being greatly felt in the depletion of certain sizes and varieties.

Lindley's Landscape Department stands willing and glad to assist you in any way desired—whether you simply want prices on planting materials, and advising you just what plants will be most suitable for different locations and soils; or working out for you a planting suggestion for your entire lawn—showing locations, suggesting varieties to be used, submitting an estimate of the cost—and we strive always to render prompt, efficient, and courteous attention to each request.

THE INCREASED PRIDE OF THE WORKERS, AND THE DECREASE IN TURNOVER OF LABOR IS NOT SHOWN HERE, BUT IT EXISTS NEVERTHELESS. THE PICTURE EXPRESSES BETTER THAN WORDS THE ADVANTAGE OF CLEAN, WELL PLANTED FACTORY GROUNDS

LANDSCAPE DEPARTMENT

This department has recently been enlarged and is now equipped to handle both small and large plantings. If you wish to have your shrubs and trees properly arranged, correspond with this department. We will be glad to send our landscape architects for conference on small or large plantings, and the fee is very nominal indeed. Very often a satisfactory plan can be arranged by correspondence, if you can furnish us the necessary information on blanks which we will furnish for this purpose. Send us a few kodak pictures of your house, together with dimensions of house and lot and all other information that you may think will aid us. Write us freely your landscape troubles.
